EDUCATION

Visiting Scholar 2024-2025
NUS, Singapore

Currently at NUS, working on Robust Gaussian Processes.

PhD in Statistical Sciences 2022-2025
University of Padua

Currently PhD researcher. Working on quantile estimation for multivariate time series, mainly for financial Data, developing a package in Rcpp.

Master in Statistical Sciences 2019-2022
University of Padua

Graduated with 110/110 cum laude. Thesis "Bayesian inference for systemic risk estimation on vector autoregressive models". I received "Mille e una lode" scholarship for excellence.

Bachelor degree in Statistics for economy and business 2016-2019
University of Padua

Final mark of 110/110 cum laude; I received "Mille e una lode" scholarship for excellence all 3 years. Spent a semester at University of Groningen.

WORKING EXPERIENCES

Data scientist consultant January 2022-September 2022
Remote, Milan

Worked on modelling of telecom clients and electrical grids data.

Data scientist October 2021-December 2021
Remote, Milan

Worked on Bank KPIs

SKILLS

Languages Italian(mother tongue)
English
German(beginner)

Programming Languages C/C++, PYTHON, R, MATLAB, SAS, MYSQL
Have been working since 2021 on implementing algorithm in C++ through Rcpp, for R application.

EXTRA CURRICULAR ACTIVITIES

I am a Martial Arts practitioner, a Sports lover in general and an avid reader.
